Hi Gina,

Don't worry about it...it was nice to get out of the lab anyways!

Hi Kate,

First off, I am so sorry that you had to drive all the way up here! But thank you for coming. Basically, we were all set to go forward on trial, we had gone through our preliminary motions, etc. (and strangely no motions relating to you guys testifying), and then the Defendant realized that if he was convicted of all the charges that he could end up going away for 5 yrs—he decided to cut his losses and take a plea for 2 yrs and a day. Next time I will definitely get all chemists cell phone numbers before I have you guys come up, so this won't happen again. Sorry for the inconvenience and thanks again.

Gina

Hi Gina,

Could you please let me know if this case is still going forward and if you will definitely need Peter and I on Nov 3rd? Would it be possible for us to be "on call"? I am also scheduled to be in Lawrence District that day.

Thanks,

Kate Corbett

Hi Gina,
I am mailing the disco packet today...also I have attached a list of standard questions that you could use if you want.
Thanks,
Kate

Hi Kate—thanks for reaching out to me. Sorry the summons was so late. D/C submitted a late breakdown request, which wasn't addressed till quite recently. Anyway, the lab # is [REDACTED]. If you wouldn't mind sending me your disco packet, that would be great. You can fax it if it's easier. My fax # is (781) 897-6776. Let me know if you need directions out here or anything, although it's a pretty straight shot from Boston.

Also, I know some chemist have standard questions that they like to be asked, so if you have/want me to use yours, I am very flexible.

Thanks,
Gina

Hi Gina,

I received a summons for Comm vs. [REDACTED] the other day. Could you please give me the lab# associated with this case? Also, would you like me to send you out a discovery packet with my notes, etc..?
Thanks,

Kate Corbett
